

Continuum Worldwide – Omaha, NE

Member Overview

Cyber criminals hacking into systems of legitimate businesses. Natural Disasters. Disgruntled employees threatening their co-workers. Embezzlements. An alphabet soup of compliance laws and regulations. Frivolous lawsuits.

The operational risks facing organizations' data can be mind-numbing, but Continuum Worldwide is here to help. Continuum is engaged in many phases of the information security, physical security, and compliance lifecycles, and offers best-in-class solutions for companies, educational institutions, government agencies, and non-profits. Utilizing more than 150 years of experience and training, Continuum's professional staff is both a business partner and trusted advisor to clients, strengthening their competitive advantage and protecting their people, assets, brand reputation, and business operations.
